The Spice of Autumn fills us with hope...

as one kind donations strengthen our community.

The mission of the Pennock Foundation is "to obtain and provide reliable and ongoing financial support for Pennock Hospital and provide a funding source for health-related needs in communities served by Pennock Health Services." *We cannot do this without you.*

As your local community hospital, Pennock provides over \$4 million annually in uncompensated care. Philanthropic gifts, such as yours, make up the difference for these medical services and health education.

The need within our community has never been greater. This year the Pennock Foundation has budgeted \$191,000 toward the effort to secure a healthier future for everyone in the area.

We ask you to consider a charitable contribution to the Pennock Foundation. With your help, we can continue to save lives, prevent illness, and continue on a course to a healthier Barry County.

Kindest regards,

Pennock Foundation, Executive Director

Annual Campaign

The Pennock Foundation uses money received to fund community grants for health-related services, education and expansions or improvements of Pennock Health Services in order to provide everyone in our community with the highest quality care.
